"You matter because you are you, you matter to the last moment of your life."

- DAME CICELY SAUNDERS. founder of modern palliative care movement

Because Hospis Malaysia practises evidence-based medicine, and because we care, Hospis Malaysia is constantly asking questions. Please give us a minute of your time, and help us understand you better by answering the following questions:

1.	Do you think you would want to be told if you were diagnosed with a serious illness? Yes No
2.	If you had a serious life-limiting illness, where would you like to be cared for? Hospital Home Nursing Home Others (please state):
3.	If you were suffering from a serious, life-limiting illness, what will be your main concerns? (You may choose more than one) Will I suffer pain and other distressing symptoms? Will it be costly for me to be treated? How will my family cope when I am seriously ill?
